Compromise Reached in Protest Over Game Refuge at Grass Lake

State Allows Open Water Shooting—No Restriction This Year

A compromise by which duck hunters will be able to hunt in open waters of Grass lake and erect a few blinds was reached Saturday afternoon between state conservation officials and officers of the Northern Illinois Sportsmen's association.

The conference was held at the Conservancy school on Fox lake, with R. G. Holtz, Antioch, representing the Lake County Tavern Keppers association of which he is president, and W. J. Murphy, Antioch, representing the sportsmen's association.

Glenn D. Palmer, conservation director, accompanied by Lynn Galloway, superintendent of education, represented the state which caused an uproar when it purchased the 750-acre Hatch estate on Grass lake and announced that it is to be a game refuge and closed to hunting.

Palmer first announced that the refuge would not be established during the approaching hunting season.

"The conservation department was misquoted (referring to A. B. McDonald) when it was announced that the entire purchase of 750 acres was going to be closed to hunting," he added.

Palmer told the Lake county representatives he now understands better why the people of the area were so upset.

"It is a known and respected fact that coot or mud hen hunting is a specialty of this area. Nowhere else in the nation do hunters congregate to hunt coot as they do in the Grass Lake area. We want you to continue enjoying this hunt and intend to do nothing that will change it," said Palmer.

No change whatsoever on hunting privileges will be made this year from previous years, Palmer said, (continued on page 5)

John Adams, 47, Buried Monday

John Adams, 47, of Petite Lake, died Friday, Sept. 11 at 4 a. m. at Victory Memorial hospital following three months of illness. Mr. Adams was born May 12, 1906 in Hamilton, Scotland. He came to New York as a child settling in New Jersey. He lived until coming to Antioch in March 1953. He was employed as chief inspector at Whitco, Inc., at Schiller Park.

Survivors are his wife, Theresa, three sisters, Margaret Ferie, Miss Agnes Adams and Miss Alice Adams and his mother, Mrs. Jean Adams, all of Toronto, Canada.

Funeral services were held at 10 a. m. at the Strang Funeral home on Monday, Sept. 14.

Arthur G. Clark, 69, Formerly of Millburn Dies Under City Bus

Arthur G. Clark, 69, Waukegan, formerly of Millburn was killed Tuesday evening in Waukegan when he was crushed beneath the wheels of a city bus of the Waukegan-North Chicago Transit Co.

Waukegan police said that Clark was struck about 15 feet from 20 Spring st., where the bus had been parked and dragged 139 feet before passengers on the bus called attention to the driver that a man was under the wheels.

The driver, Burette E. Chastern, 50, of 26 Frolic ave., Waukegan, was booked as a material witness. Mr. Clark was born in Millburn May 23, 1884, and was a life long resident of Lake county. He had resided in Waukegan at 15 Washington the last 11 years, and had been retired for a year.

Surviving are the daughter, Mrs. Vernon Goetz with whom he lived; two brothers, Herbert of Stanton, Mich. and John, of Millburn; and a sister, Mrs. Mattie Meisner of Stanton, Mich.

Funeral services will be held at 2 p. m. Friday in the chapel at 1521 Washington st., with burial in Warren cemetery.

Sealer Made In Antioch Gaining Wide Acceptance; Much Favorable Publicity

Attracting attention and newspaper headlines in many parts of the country is a product of the Roll-On-Sealer Co., a companion company of the Frostee Sno Co. here in Antioch.

The article, an invention of the late John Ottedahl and patented not long before his death, is the only portable dispenser that measures, moistens, applies, and cuts gummed paper tape in one stroke.

The parts are made in Milwaukee and assembled in the Main st. plant here.

The machine is about the size of a wood planer, weighs 2½ pounds when not loaded and five pounds

Antioch Merchants to Stage Dollar Days October 1, 2 and 3

Second Annual Event to Be Sponsored by Chamber of Commerce

Dollar Days will be observed in Antioch Oct. 1, 2, and 3 under the sponsorship of the Chamber of Commerce.

The event will be a repetition of the first Dollar Days that were conducted so successfully last year. "We plan to make it even better," said Robert Griffin, executive secretary of the chamber, "and we hope that the public will remember it just as favorably as they did last year."

Charles J. Cermak, Jr., president expressed the hope that every merchant would participate this year. George Borovicka and Dean Williams are co-chairmen of the retail promotions committee and they will be able to provide information to merchants on the plans.

The campaign for the event is expected to develop along two lines. First, there will be an effort to put forth outstanding values as specials for the occasion. The sale will be on highly desirable pieces of merchandise or services and not something to be gotten rid of as slow moving items.

Secondly, there will be opportunity for much publicity through advertising or word of mouth in which people will be made acquainted with the bargains that will be offered.

Theodore H. Meyer, Resident of Channel Lake Buried Monday

Theodore H. Meyer, 74, Channel Lake, Antioch, died September 10 at 8:45 p. m. at his home following a lingering illness. He was born April 18, 1879, in Berlin, Germany. He came to America at the age of one year, living in Chicago until coming to Channel Lake a year ago.

Mr. Meyer and his family had spent their summers at Channel Lake for the past 30 years. He married Mary O'Donnell Sept. 12, 1903, and had lived two more days they would have celebrated their fiftieth wedding anniversary.

He was employed as maintenance man for the Helen Curtis Industries, Inc., retiring several years ago. Relatives are his wife, Mary, a son, Ray, of Channel Lake; two brothers, Joseph of Gary, Ind., Roman of Los Angeles, Calif.; a sister, Pauline Hellmeyer of Elm-hurst; 2 grandchildren, Pfc. Robert R. Meyer, Ft. Louis, Wash.; and Jack B. Meyer of Channel Lake.

Funeral services were held at 1:30 Monday at the Strang Funeral home. The Rev. Howard Benson, pastor of the Antioch Methodist church officiated. Interment was in Liberty cemetery.

Grade School P.T.A. To Devote Meeting on Monday to Own Study

The Antioch Grade school Parent-Teacher association will hold its first meeting of the season Monday evening, at which time a program dealing with the past, present, and future of the school will be given.

Nancy Swenson will give a vocal solo accompanied at the piano by Ruth Ann Haisma of Lake Villa.

The new officers are Mrs. Bernard Thompson, president; David Hunsaker, vice president; Mrs. Cecil Smith, secretary; Mrs. Norma Petersen, treasurer; Mrs. Ernest Ott, publicity; and Mrs. John Horan Jr., historian.

Fr. A. J. Henderson Will Observe Silver Anniversary as Priest

The Rev. Alfred J. Henderson, pastor of St. Peter's church, Antioch, will celebrate his Silver Jubilee as a Roman Catholic priest on Tuesday, Sept. 22. On that day he will celebrate a High Mass for the children of St. Peter's School, and then treat the children to a movie and refreshments. On the following Sunday, Sept. 27, he will celebrate a Solemn Mass of Thanksgiving at 12 o'clock in St. Peter's church. All parishioners and friends are invited to attend.

Monsignor Foley, rector of St. Mary of the Lake Seminary, Mundelein, will preach the sermon at the Solemn Mass. St. Peter's choir, under the direction of Mrs. Dorothy McGreal will render the music for the mass, and St. Peter's altar boys will lead the procession and serve the mass. The Deacon and Sub-deacon for the mass will be the Reverend Sylvester Wronka and Harry Rynard, both professors at Quigley Preparatory Seminary in Chicago.

Father Henderson was appointed as pastor to St. Peter's church by His Eminence, Cardinal Stritch, about two years ago. Before that he had been a professor at Quigley for 20 years. He was ordained to the priesthood by Cardinal Mundelein on Sept. 22, 1928, and celebrated his first Solemn Mass at the Church of the Epiphany in Chicago on Sept. 23.

The parishioners of St. Peter's are planning a reception for Father Henderson Sunday evening, Sept. 27 from 7 to 10 p. m. There will be entertainment and refreshments will be served.

Mrs. Morley Suffers Fracture of Both Legs In Fall at McMillen's

Mrs. Nella Morley, 81, fell down the basement steps at the home of her daughter, Mrs. James McMillen on Parkway ave. Sunday evening and suffered a fracture of both legs.

She reached for a switch in turning on a light and lost her balance, falling headfirst and turning over one or two times. Mr. and Mrs. McMillen were watching television at the time, but heard her fall and rushed to her side. Mrs. Morley was fully conscious and told them what had happened.

The Antioch Rescue Squad gave first aid and took her to Victory Memorial hospital where she is said to be making satisfactory improvement. There was a compound fracture of the right leg and it is believed that the left leg is broken at the ankle.

Mrs. Morley gave no evidence of shock and it is believed she has a good chance for recovery. She is the widow of the late John J. Morley.

A. T. H. S. Gets Certificate
Antioch Township High School has received its certificate of recognition from the county superintendent of schools, W. C. Petty. This certificate of recognition certifies that the school is officially recognized. This certificate of recognition is issued annually to those schools which maintain the criteria and standards prescribed by the superintendent of public instruction of the State of Illinois. It is signed by Vernon L. Nickell, superintendent of public instruction and W. C. Petty, county superintendent of schools.

Little League Diamond Will Be In Southeast Corner Of Village Park

The new Little League baseball field will be situated in the southeast part of the village park with entrance on Williams st., Mayor James McMillen said Tuesday after the grounds were studied over the weekend.

The playing field will be 250 feet square, and will be fenced with the best of fencing.

McMillen said that it will be necessary to move 2,500 cubic yards of dirt in leveling the grounds. This is a greater task than the volunteers can do and an effort will be made to get a contractor to do the job.

Officials are now selling "home run" sign board space and bleacher space to help pay the cost of the improvement. New officers of the Little League are: Charles Larsen, president; Jack Fields, vice president; Mrs. Otto Hanke, secretary; and Roman Vos, treasurer.

C. A. Wolfenbarger who served as president for three years, is remaining as adviser.

Besides the Little League the organization now has a minor league of boys just learning the game and younger than the Little League players, and a Pony League of those slightly older than the Little League players.

In the Pony League which will be placed on a permanent basis next year are Antioch, Lake Villa, Fox Lake and Wauconda. Pony League players probably will use the diamond east of the Soo Line tracks next year.

Uncertainty of a place to play there next year, made necessary the location of a new playing field by the Little League next year. The national charter of the league makes necessary a legal sized field under full season contract.

Funeral Services for J. C. Cermak, Russell, Held in Antioch Mon.

Joseph Charles Cermak, 75, of Russell, Illinois, passed away Saturday, Sept. 12 at Victory Memorial hospital after six weeks of illness.

Mr. Cermak was born in January, 1877 in Chicago. He moved to Russell 40 years ago and was engaged in farming.

Survivors are a daughter, Mrs. Violet Garbutt of Sheridan, Wyo., a son, J. J. Cermak of Oak Park; five grandchildren and two great-grandchildren. He was preceded in death by his wife, Rose, 16 years ago.

Funeral services were held at 3 p. m. Monday at the Strang funeral home with the Rev. Spain of North Prairie Methodist church officiating. Interment was in Mount Rest cemetery.

Rose Bowl Films to Be Shown at A. T. H. S. Sept. 21

The Wisconsin-Southern California Rose Bowl game films have arrived and will be shown at 8 p. m. Monday evening, Sept. 21, at the Antioch Township High school, at the football stag party, which was previously planned for Sept. 14. All men of the community have an invitation to come, Paul Kessenich, coach of the Sequoias said.

Fathers for all boys out for football are especially asked to be present, Kessenich said, but anyone who is interested in football is welcome.

Antioch, Wilmot High Open Football Card Here Saturday Night

Non-Conference Game Will Provide Good Opening Competition

Antioch High School will open its football season here Saturday with Wilmot as the opponent.

"We ought to make a creditable showing," said Coach Paul Kessenich in announcing his probable starting lineup.

Larry Lass, an end, will be out of the game, however, because of the fracture of a bone in his right hand. Kenneth Van Patten too, will be unable to play at fullback because of a leg injury.

The starting lineup probably will see Henry Kapell at center, Joe Gutowski at left guard, Dick Hedberg at left tackle, Phil Vos at left end, either Harold Wilson or Joe Pechoulis at right guard, Jim McMillen at right tackle, Ben Floyd at right end, either Warren (Butch) Brownlee or Bill Terry at quarterback, John Wells at left halfback, Bill Gallagher at right halfback, and Bill Blake at fullback.

Coach Kessenich will use Tom McGreal quite often both on offense and defense at tackle, and Phil Burgdorf at either end much of the time.

He will draw on Mike Haviland at safety, and Fred Miller, right half, and Bob Duha, left half, as alternates in relief. He too can switch Harold Wilson to fullback on defense.

The squad has been showing up good the last few days in practice. Joe Gutowski and Dick Hedberg will serve as co-captains.

Wilmot's lineup will comprise Don Swartz, left end; Gordon Thornton, left tackle; Ronald Cates, left guard; Donald Stockman, center; Bob Brehm, right guard and captain; Gene Bjerning, right tackle; Gary McDonald, right end; Ray Arndt, quarterback; Ronald Faber, left half; Bob Huff, right half; and Ralph Sattersten, fullback.

Coach Frank Bucci of Wilmot High says he will be able to place a greatly improved team over last year. Thornton, Cates, Brown, and Bjerning are lettermen from last year.

Arndt is a sophomore, transfer from Kenosha and is expected to make a good showing. Faber and Stockman, sophomores with last year's experience are showing considerable improvement, but Swartz, a sophomore was ill last year and didn't get to see much playing.

The night's program will open with a preliminary between the Frosh-Soph team of Antioch and the underclassmen from Wauconda. The game will start at 7 p. m. (DST) and the varsity game will start at 8:30 p. m.

Grass Lake P.T.A. Will Sponsor Dinner Sept. 27

The Grass Lake School Parent-Teacher association is sponsoring a roast beef dinner for Sunday, Sept. 27 from 1 to 3 p. m.

The profit from this dinner will be used to purchase playground equipment for the children.

The project of the year for the association is to make a better playground for the youngsters.

The P. T. A. will hold its first meeting of the season at 8 p. m. Friday, Sept. 18, at the school with Mrs. Warren Edwards as hostess and the eighth grade mothers serving refreshments. E. C. Cooney, safety chairman, will show films and talk on safety. Carl Mantegna, accordion teacher at the Round Lake Academy of Music will entertain.

To Honor Congresswomen at Breakfast in Chicago

Two Republican congresswomen from the midwest region will be honored at a continental breakfast given by the Women's Republican Club of the Thirtieth Congressional District on Saturday, Sept. 19, the final day of the Midwest Regional Conference of Republican Women.

Invitations have been sent to the 1700 women delegates from 19 states to meet Judge Ruth Thompson of Michigan and Marguerite Stitt Church of Illinois, according to Mrs. Glen A. Lloyd of Libertyville, state central committeewoman of the 13th congressional district, and Lake county chairman of the club sponsoring the breakfast which will be held at 8 a. m. in the Tower room of the Conrad Hilton hotel.

Mrs. Jack Williams and Mrs. Roland G. Lueder, both of Wauconda, will serve as hostesses for the 13th district club for the affair.

Economic Highlights

On August 24, the Internal Security Subcommittee of the Senate Judiciary Committee—whose chairman is Senator Jenner, and whose membership consists of five Republicans and three Democrats—issued an astounding report. After exhaustive investigation of subversion inside the government, it had found that "The Soviet international organization has carried on a successful and important penetration of the United States Government and this penetration has not been fully exposed."

The subcommittee came to a number of other related conclusions. The following, given here in condensed form, are among them: The penetration has reached into the top level of the government. Members of the conspiracy successfully protected and helped obtain advancement for each other. Over the years the penetration was made into agencies concerned with economic recovery, war, and foreign policy and post-war planning. The communist infiltrators generally worked behind the scenes—influencing congressional investigations, drafting laws, etc.—and always served the interest of their Soviet superiors. Literally, thousands of U. S. Secrets have been stolen by Soviet agents within our government. Despite warnings by the FBI and other security agencies, little was done by the executive branch to prevent such espionage until Congress acted. Policies and programs laid down by members of this conspiracy are still in effect within the government and constitute a continuing hazard to national security.

The report goes into considerable historical detail. The first organized penetration apparently took place in the early '30's, and thereafter it was broadened to an almost unbelievable extent. According to evidence possessed by the subcommittee, members of the secret communist underground included an executive assistant to the President; an assistant secretary of the treasury; the Secretary of the International Monetary Fund; a member and a secretary of the National Labor Relations Board, a chief counsel for the Senate Subcommittee on Civil Liberties, and the head of the Latin-American Division of the Office of Strategic Services. The report gives a number of typical case histories of men within the government who served their Soviet masters especially well, and deals with witnesses who invoked the fifth amendment when called to testify. All of these, its report says, "were unyielding, uncooperative and even abusive."

Finally, after citing chapter and verse concerning the conspiracy for thousands of words, the subcommittee makes certain recommendations. It urges that the investigation be continued, and that the work be facilitated by giving Congress the power to grant immunity to key witnesses. It also urges that the executive branch re-evaluate the records and histories of all employees brought into government, recommended or promoted by persons shown to have been Soviet

agents, along with all employees who have been closely and intimately associated with persons shown to be Soviet agents. Another very important recommendation is that the "legislation now before committees of Congress which would operate to prevent communist organization and control of workers in communication and other vital defense industries be considered for early enactment."

A brief resume such as this can touch only a few high spots of the findings. The whole document deserves the widest possible reading.

Gross Roots Opinion

MANSFIELD, OHIO, NEWS-JOURNAL: "Politics is too dirty a game for an honest man to have anything to do with. This remark . . . expresses one of the most dangerous viewpoints in the United States. If politics, the art of government, is left to the dishonest, our government will be eaten away by rotteness, and be replaced by some regime which does not represent the people such as communism."

OSKALOOSA, IOWA, DAILY HERALD: "The Western railroads cooperating with the government's drought relief program put into effect on July 1 a 50 per cent reduction in freight rates on livestock feed to the stricken southwestern states."

ADA, OKLA., TIMES-DEMOCRAT: "Probably the most flagrant sample of destructive and unnecessary socialism has been in the field of government electric power plants. In every case, the service would have been provided by heavily-taxed, publicly-regulated utility companies."

CORVALLIS, ORE., GAZETTE-TIMES: "A dairy industry group has evolved what they call the 'housewife's butter plan' which they believe will . . . reduce Federal participation in butter purchases and move butter onto the nation's family tables by lowering prices. While this idea certainly isn't any panacea it would be an improvement on the present one."

The Low Down From Hickory Grove

Just home from the hospital. And you know, aside from having the doctor lookin' around and adjusting the inside workings and getting me fixed up so that I am good for a few more hundred thousand miles—and giving three cheers for him, and the hospital and the nurses who humored me while there, I want to throw in some side comment.

Aside from helping what ails you, if you are the old so-called head of the domicile, your standing around home could get a boost too, if perchance like it was with me when leaving the hospital 2 nurses busied themselves with my shoe strings—one nurse per shoe—Boy, that was something for my Susie to take note of—and I hope she saw it. I bask.

But with the innards adjustments, etc.—the doctor was an artist. When you are well and in fettle you avoid hospitals and doctors, but when misery catches up with you, it is a different story. With the talk going on about Sambo taking over the medicine job of the nation, I put in an oar today and expound that I would be scared stiff, and so would you, if, when you had some of your inside workings in need of an overhaul, that you would need call Sambo and have him send over maybe a junior asst. fresh out of the Political School of Surgery and vote appeal.

It gives me a cold sweat to even think of such.

Yours with the low down,

JO SERRA

LAKE VILLA

Allan Hamlin left Monday for Milwaukee to begin his sophomore year at Marquette university and will continue his studies in electrical engineering.

If weather is favorable on Sunday, Sept. 20, an outdoor worship service will be held by members and friends of the community church at Sherwood park. Sunday school classes will be held at the church at the usual hour. You are very welcome to attend the worship service and also the picnic which will follow—just bring your picnic basket and join friends. In case of unfavorable weather, the service will be held at the church.

washday
is
any day

when you have Automatic Laundry Appliances!

You won't be schedule-bound... when you have modern automatic laundry appliances! "Doing" a laundry is so easy, takes so little time, you can polish it off any hour of any day. You'll add two new days to your week... days you used to spend washing, hanging heavy wet clothes, standing for hours over an ironing board.

Your automatic washer will wash, rinse and spin the clothes while you're busy elsewhere. When washing time is up, you'll simply toss the clothes into the dryer... where they'll tumble and fluff-dry in minutes. Later, whenever you feel like it, you can sit down at your modern rotary ironer and in no time at all the entire laundry's finished!

You won't dread Monday... you won't worry about the weather... and you won't have "ironing backaches"—when you have automatic laundry appliances.

WASHINGTON AND "SMALL BUSINESS"

By G. WILSON HARDER

In wide open Reno, it is a familiar scene: the gambler studying where to put down his last chip.

And in official Washington, with \$6 billion more grudgingly appropriated by Congress for Mutual Security Administration

giveaway programs, there is grave concern over just where to play, what might be the last chip that will ever be coerced from U. S. taxpayers.

Current C. W. Harder events alarm. Since VJ Day, funds equal to about 1/4 of national debt have been given Europe to buy security.

Yet England, recipient of billions in gifts, hedges on Asian question, is trying to force U. S. to accept Red China.

France is collapsing. Besides receiving almost \$11 billion U. S. aid, France owns rich colonies into which more American dollars have been poured to develop.

Italy, influenced greatly by French events, is falling apart. France is not poor. An estimated \$5 billion in gold is hoarded which for a nation of 40 million, compares favorably with U. S. gold stock of \$22 billion.

But facts show U. S. aid has solidified big French cartels. The common man of France can greet dawn each day with no more hope than during Nazi rule.

One French shoe company, for example, with American methods and machinery, cut production costs so chain distributor controlling their output could sell

shoes for \$7.50 instead of previous \$10. But the monopoly distributor refused to pass this savings along to the consumer, taking instead an extra \$2.50 per pair profit, despite public need.

Recently Paul Reynaud, premier when France fell to Germany, stated there is no solution to French problem while cartels are permitted to continue.

Yet Washington, which has already, in Reno lingo, shot a crap for \$40 billion, prepares to toss away another \$6 billion.

In France, as in England, and all nations except U. S., there are no anti-trust laws to protect individual free enterprise.

Therefore, for the forthcoming year, Americans will give \$683,700 every minute to build European monopolies.

A major agency charged with enforcement of U. S. anti-trust laws is the Federal Trade Commission. There is considerable sentiment FTC has not measured fully up to this task. FTC members say funds are inadequate to do the job.

Whether this argument is valid can never be fully tested until FTC receives what it considers an adequate amount.

Yet in recent Congressional session, FTC was given \$4,178,000 instead of \$5,500,000 requested. In other words, the difference between the FTC request and what it got, equals just two minutes of this year's expenditures on foreign aid, which has bulk-waded Europe's monopolies.

Therefore, many feel free enterprise protection at home is being sabotaged to pour billions into a hopeless cause that will never be solved until Europe adopts anti-trust laws.

Lions Get Stratton's Reply

The Lions club, meeting Monday evening at the 19th Hole, received a reply from Governor Stratton to the club's protest of the purchase of Grass Lake land as a duck refuge. The governor said a compromise has been reached by which shooting will be permitted in all open waters in Grass lake.

Compromise Reached...

(continued from page 1)

and the rules of the new refuge will not go into effect until next year.

Palmer admitted that his department has not yet had time to study the new purchases but promised the representatives of the organizations meeting with him that as soon as the lake freezes so that it will be able to walk over the area he will study the lay of the ground and work out an agreeable compromise solution.

Ownership Restricted

"I'm sure it will be agreeable to all concerned," he said. "Our deed calls for ownership only to the low water mark of the lake and no doubt we can work out an agreeable compromise from this standpoint."

Palmer pointed out that large sums of money have been spent in other sections of the state and that he felt that the Northern Illinois area had been neglected. He added that he and Gov. Stratton had both been pleased when they had the opportunity to make this purchase as they thought they were doing good for the area.

Palmer said that the purchase as it now stands is too narrow for a good refuge and that the state intends to attempt to purchase more slough area at the north end on either the east or west side. He indicated that if this is possible it would make it easier for the department to grant demands of the NISA and other groups to return the area south of Hackberry Island to the sportsmen as open hunting.

Prefers Refuge

When a controlled shooting area was mentioned by Lynn Calloway he was immediately answered by R. G. (Bud) Holtz, who said, "We want no controlled area under any circumstances, we are now so regimented in our daily lives and business that we surely don't want it and won't stand for it in our hunting."

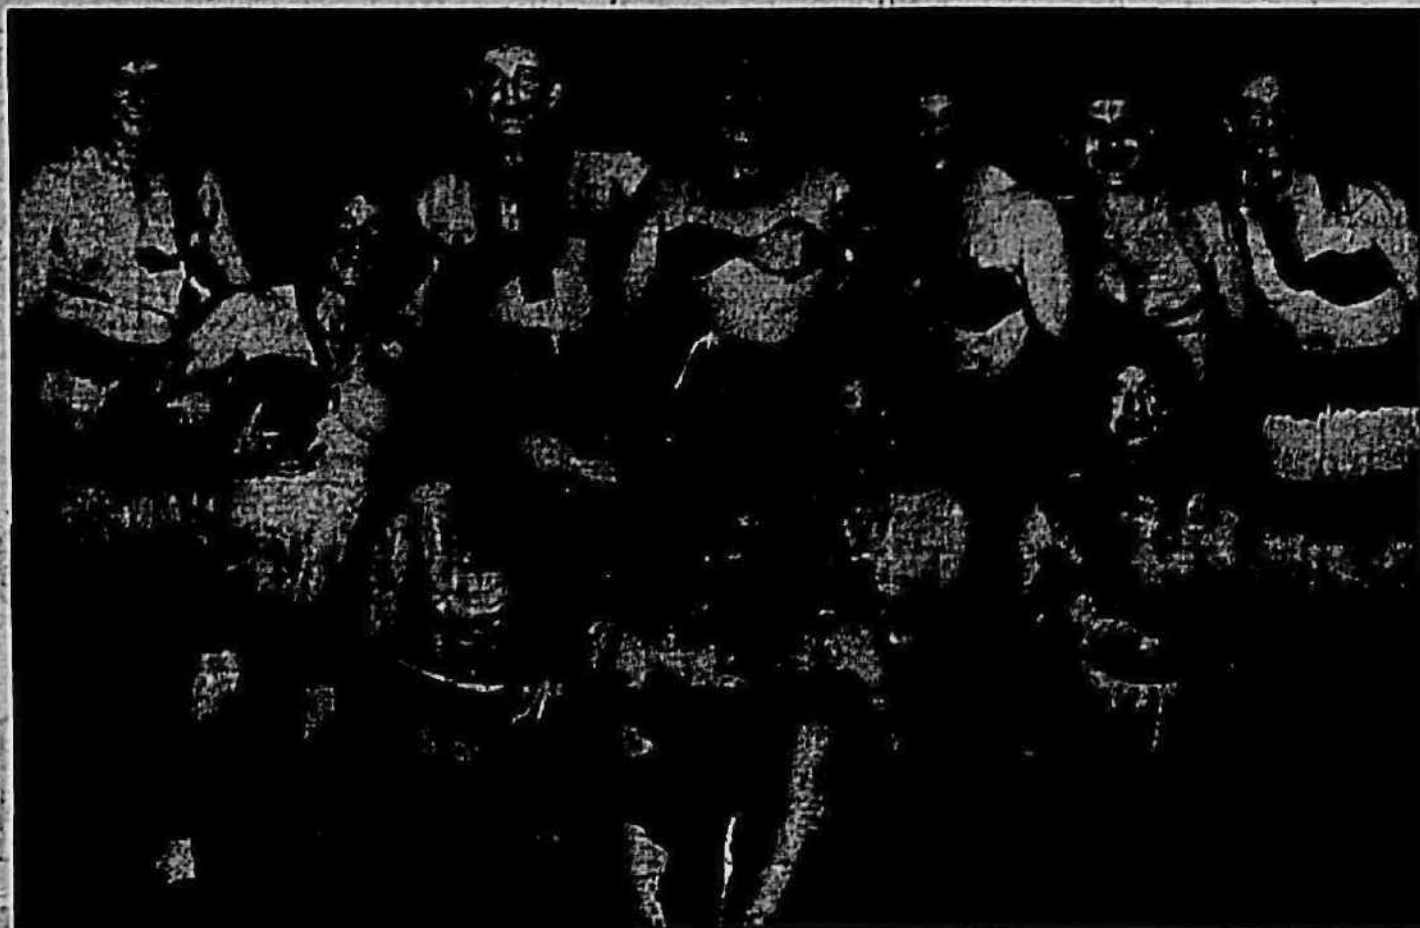

W. J. Murphy said that the Sportsmen's group represented by him would prefer a refuge rather than a controlled area.

Holtz and Murphy, after the interview, issued a point statement saying, "This problem is not settled by a long ways and is the type of a problem which can not ever have a clear cut settlement. We now believe that Mr. Palmer is sincerely interested in doing what is best for the many and also what will aid the little sportsmen."

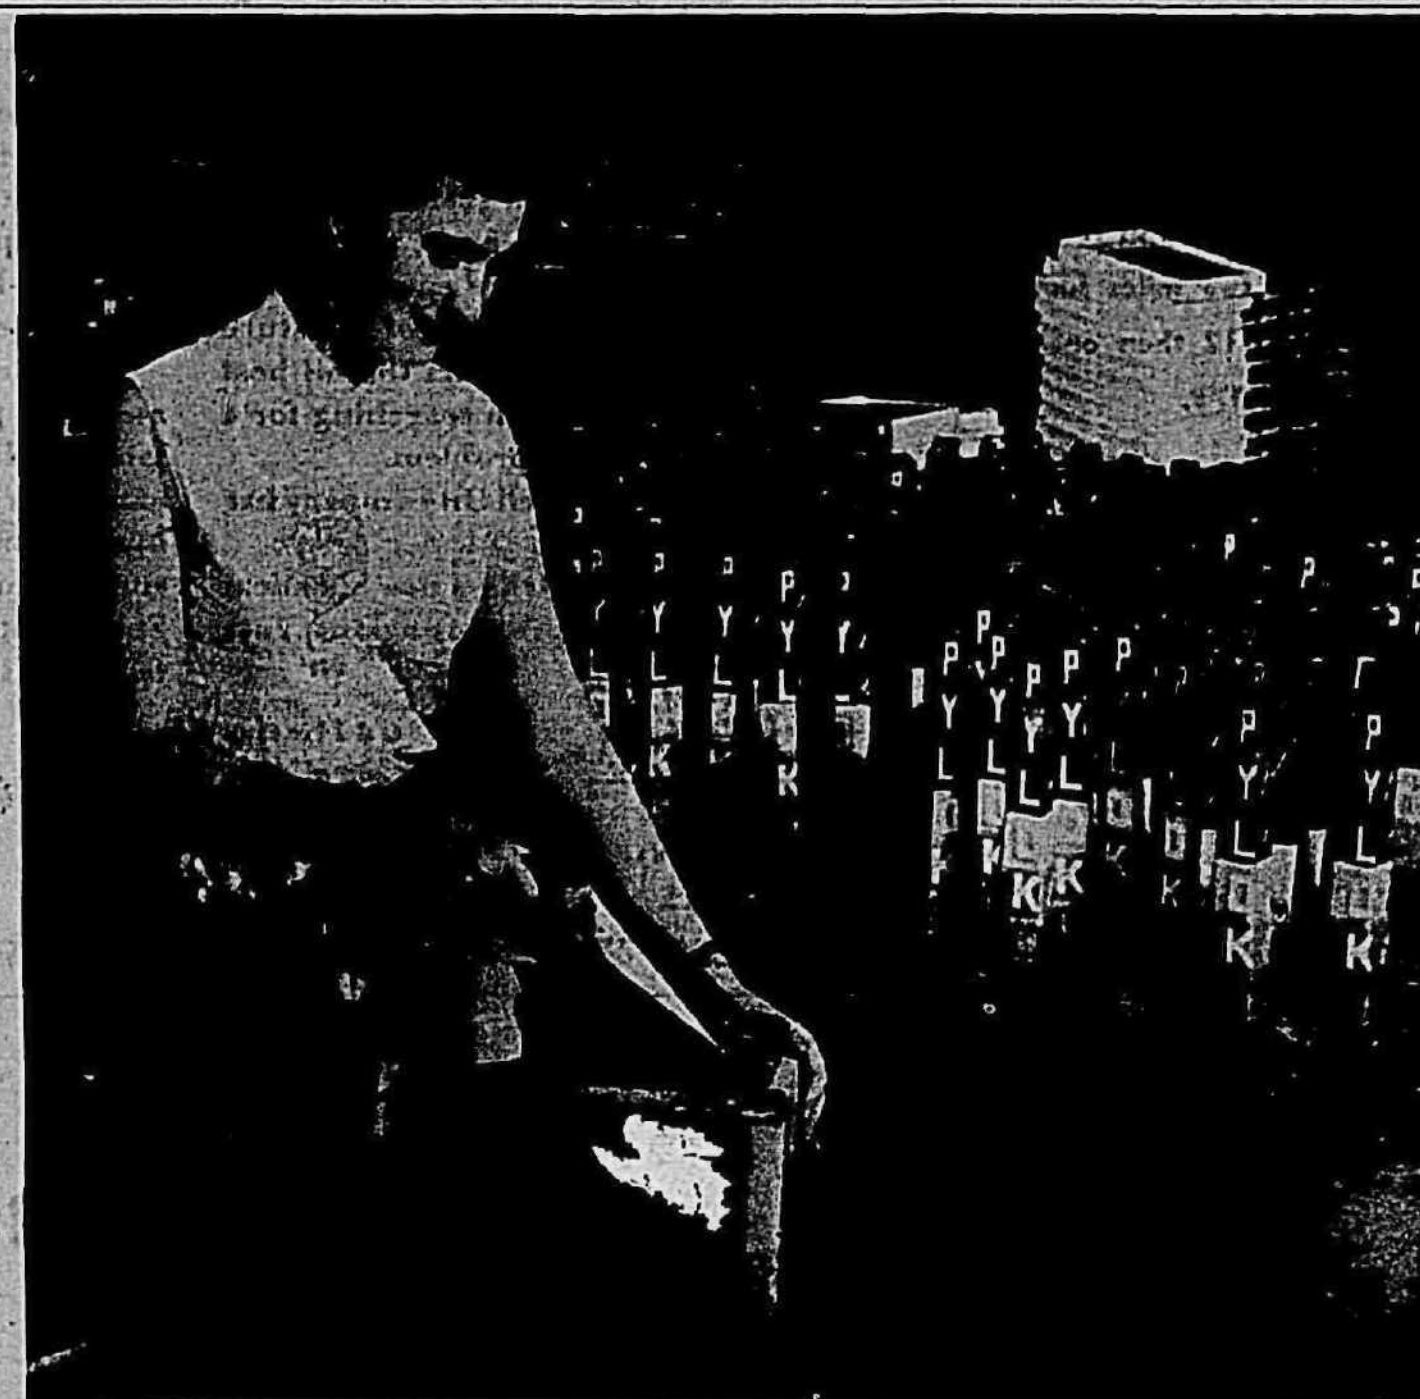

They further jointly stated: "We still feel that a refuge is not needed here due to so short a season before the freeze-up. We still feel also that it will be impossible to dike this bottomless slough area but, in the spirit of compromise, we will urge our groups to cooperate with Mr. Palmer and allow him and his advisers time to make a thorough study of the area and then consider their final recommendations and plans."

Murphy urged all interested sportsmen and citizens who have not already joined the Northern Illinois Sportsmen's association to do so, saying: "We must keep our forces strong so as to be able to step in and fight at any time that there is any further encroachment on our rights and privileges."

NEW DISCOVERY PROTECTS HEATING OIL TANKS FROM RUST, LEAKS, CORROSION

Longer Life for Your Home Oil Tanks

The main cause of leaks in your oil storage tank is the rust and corrosion which form inside the tank. Corrosion and rust, which eat through metal, are caused by the normal accumulation of moisture in the tank. For years the oil heat industry has been searching for a solution to this problem.

Now, the Shell Oil Company has the answer!

It's SONITOR—a new chemical product that protects against rust

and corrosion from the moment it is placed in your tank. SONITOR not only stops old rust from spreading, but prevents new rust from forming. If added in time, it can double the life of your fuel tank.

We are happy to offer this amazing protection for storage tanks to all our customers—without extra charge. If you are not one of our customers, we shall be glad to supply you with premium-quality Shell Heating Oils—and give your tank SONITOR protection.

Why just look and sigh—and pass up so much real automobile?

Why—when this big and beautiful new Buick SPECIAL delivers for the surprisingly low price shown here?

Could be you're one of those folks who still don't believe that the price of a Buick really is just a few dollars more than that of the so-called "low-priced" cars.

So here we show our car and price to prove it.

But beyond that—what you get in this great Buick, for so small a step-up in what you pay, is plenty.

More power. Fireball 8 power. The highest horsepower and compression ratio ever placed in a Buick SPECIAL.

More room. Real six-passenger room—even by man-size measurement.

More comfort. The solid comfort of Buick's Million Dollar Ride—with coil-spring cushioning on all four wheels, wide-tread stability, torque-tube steadiness.

More pleasure. The pleasure of high visibility, of luxurious fabrics and fittings, of superbly easy handling—and the deep satisfaction of bossing a big and able and stunningly styled automobile that does you proud wherever you go.

Why not drop in on us and see things for yourself?

That way you'll also learn about the long list of "extras" you get at no extra cost in this spirited new 1953 Buick SPECIAL—things that most other cars of similar price charge for as extras. Can you make it this week?

Republican Women Will Hold Reunion Sept. 17 At Lake Forest College

The Township Republican Women of Lake County recognizing the importance of the coming 1954 elections are rallying their strong and commanding group of women in a reunion Thursday, Sept. 17 at 10:45 a. m. in the chapel of Lake Forest College, Lake Forest, Ill.

The public as well as members of the organization are invited for the program will carry a theme that will prove of great interest to all, officers said. Preparatory to this event, the state charter for the township group was secured and now the business of organizing for a successful election is underway.

The key speaker will be Mrs. Marguerite Stitt Church of Evanston, only congresswoman from Illinois. Mrs. Church will report conditions as she observed them on her recent trip to Europe as a member of the Committee on Foreign Affairs and the impact of those conditions on our national policy. J. E. Parett, secretary of public relations of Illinois Agricultural Association will share the spotlight with Mrs. Church and speak on the national farm policy and how it

FACT AND SCRIPTURE

Yellah! Yellah!
A man had come out of the Jaffa Gate of Jerusalem, waving his arms wildly and shouting, as if for warning of danger.

Rev. Horatius Bonar and his party were travelling through Palestine and the sun was setting before they came in sight of Jerusalem.

"What is the man saying?" they asked the guide.
"He is shouting, Yellah, Yellah!"

"What does that mean?"

"Come along! Come along!"
They now realized that they were likely to be shut out and the keeper of the gate had come out to warn them. So they hastened their steps and entered the gate, and the gate was shut.

Here is a fact that cannot be overlooked. Jesus mentioned a strait gate.

"Strive to enter in at the strait gate: for many, I say unto you, will seek to enter in, and shall not be able."

When once the master of the house is risen up, and hath shut to the door, and ye begin to stand without, and to knock at the door, saying Lord, Lord, open to us; and he shall answer and say unto you, I know not whence ye are.
Luke 13: 24, 25.
Yellah! Yellah! Make haste. Now is the day of salvation!

Emanuel Thiele

differs from that of the administration.

Mr. Parett is expected to draw many men to the meeting as he will also discuss farm legislation that will be presented to Congress in the near future.

Since the meeting will start in the morning, one of the highlights of the day will be a social hour and a half in the "Commons" building, where luncheon will be served. The meeting will then be resumed in the chapel for the afternoon session.

Mrs. P. E. Thompson of Mundelein, president, urges that reservations for the meeting and luncheon be secured by September 14 through the township organization chairmen. The organization chairmen include: Antioch: Mrs. Fred Swanson, Naber Subdn., Antioch, tel. 297; Lake Villa: Mrs. Daniel S. Boyer, Lake Villa, 6-3654.

Detroit Studies Sales of "Continental" Studebaker
By a Wall Street Journal Staff Reporter
DETROIT—Studebaker, which was a big factor in setting early postwar auto styles, may now be setting the pattern for the next few years.
Its 1946 model, designed with lavish use of glass by Raymond Loewy, was the first completely redesigned postwar car. The South Bend, Ind., concern made no further major change until its current 1953's; with these it introduced low, rakish "Continental" styling. Also designed by Loewy, the new model cost \$27 million to introduce, double the 1946 cost.
A top Detroit stylist, employed by a rival manufacturer, says that the current more competitive makes than the industry would like to admit. Most designers

NEW FERGUSON TRACTOR AND FERGUSON IMPLEMENTS

We're announcing our recent appointment as Authorized Ferguson Dealer for this community, and are anxious to show every farmer in this area the new Ferguson Tractor and Ferguson Implements.

With the Ferguson Tractor, we bring you a new type of farm power. Its Continental Valve-in-Head Engine, combined with the revolutionary Ferguson System, is capable of providing power far beyond normal requirements for peak loads and heavy pulls—but economical, fuel-saving power for the light jobs in farming.

Ferguson Implements have already made a name for themselves on over 300,000 farms across the country. Their quick-hitch features, with both Automatic and Hydraulic Finger Tip Control for raising, lowering, transporting and depth control, have made them the most modern line of farm equipment on the market today.

Stop and see us. Let us tell you more about the Ferguson Tractor and the complete line of Ferguson System Implements.

Let's do Business\$!

**WE NEED MORE USED CARS!**

Your present car will
never be worth more...
so bring it in to us *NOW*
and let's talk trade!

• You'll never have a better opportunity than *right now* to make a good deal on your present car!

Here's why: Your car is depreciating in value as it gets older! Our Fords—new and old—are selling faster than ever! Naturally we want to keep this rapid turnover going—but we need more used cars to do it! That's where the high price comes in—for you! So do yourself a favor (and us, too). Bring your present car in... no matter what make... and we think you'll be pleasantly surprised at the wonderful offer we can make you.

And while you're here, see America's "Worth More" car... the '53 Ford. Let us give you the whole "Worth More" story. Know why Ford's worth more when you buy it... worth more when you sell it!

And we're
trading high on our **'53 Fords**
